IMPRESSA J85

All white for new dimensions of pleasure

The IMPRESSA J85 is modern and cool. In hip Piano White and with an all-round design which has won numerous renowned international awards, it attracts admiring looks. Its minimalist look conveys how simple it is to use. Speciality coffees are selected using the Rotary Switch and TFT display and prepared at the touch of a single button. As a real automatic one-touch coffee machine, it goes without saying that the IMPRESSA J85 produces cappuccino and latte macchiato at the touch of a button without the cup having to be moved. And the Aroma⁺ grinder grinds the beans at twice the speed while preserving their delicious flavour. The cappuccino spout, height-adjustable on a continuous scale, with fine foam technology, enables use of glasses up to 153 mm tall.

Stylish complete design

With its multi-award-winning design and clean lines in elegant Piano White, the IMPRESSA J85 is an aesthetic showpiece. The amber-coloured cup illumination that perfectly sets off the warm colours of freshly ground and extracted coffee, making it a treat for the eyes as well as the palate.

TFT display for self-explanatory, intuitive operation

The operating concept couldn't be clearer, simpler and more intuitive. Simply turn the Rotary Switch and a list of speciality coffees appears on the TFT display. Just press the button once, and you'll soon be enjoying a delicious cup of coffee. The modern graphics coupled with the machine design paint a harmonious picture.

Aroma⁺ grinder now twice as fast for fully preserved aroma

By perfecting the cutting angle inside the grinding cone, the JURA engineers have managed to increase efficiency significantly. As a result, the perfect aroma can now be achieved in all its natural fullness in half the grinding time. So now coffee lovers can enjoy pure and perfect coffee indulgence with less preparation time and less noise.

Foam of the finest

The height of the cappuccino spout for latte macchiato and cappuccino and the coffee spout can be adjusted on a continuous scale. This allows you to create the perfect specialities both in a small espresso cup and in a latte macchiato glass up to 153 mm tall whenever you want. The integrated fine foam technology from JURA ensures unique milk foam quality with a fine, feather-light consistency.
